

**IN THE SPECIFICATION**

*Kindly replace the paragraph beginning on line 1 and extending to line 6 on page 2 with the following:*

With the invention, a user having several terminals can start a streaming session with a first terminal, interrupt said streaming session, and resume the interrupted streaming session with a second terminal. For instance, a user having a wireless mobile terminal and an in-house wired terminal can start a streaming session with his mobile terminal when he is on the move, interrupt said streaming session, and resume the interrupted streaming session with his in-house wired terminal when he arrives home.
